

WELCOME TO DIABETES' CONNECTED TECH ERA

The future of diabetes technology is all about the power of pairing.

Combine a continuous glucose monitor (CGM) sensor with an insulin pump, and suddenly you've tapped into new streams of data for diabetes care. The same goes for apps, smart insulin pens and connected pen caps.

The anchor for all these dynamic combos: our FreeStyle Libre portfolio. Check out the new wave of team-ups that give people power over managing their diabetes.

A BIT ABOUT ABBOTT 1973–NOW

Plenty of things can change over the course of 50-plus years, but, for us, protein has never gone out of style — not since we introduced Ensure in 1973. The journey continued earlier this year with the debut of our [PROTALITY nutrition shake](#).
