# CONNECTED TECH DESIGNED TO MAKE MANAGING DIABETES EASIER

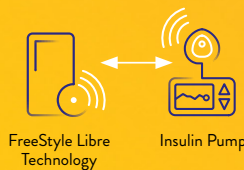

## PARTNERING FOR AN INTEGRATED FREESTYLE LIBRE DIGITAL PLATFORM

Abbott is partnering with other industry leaders and digital health companies for smarter, more automated systems. Integrating our world leading\* sensor-based glucose monitoring technology and digital health solutions with other devices and apps will deliver better care. With more and more people communicating virtually with their doctors and loved ones, our integrated systems are designed to make remote monitoring and 24/7 management more seamless.

### INSULIN DELIVERY: "SMART PEN† SOLUTIONS"

Designed to make diabetes management easier by integrating FreeStyle Libre technology† with smart insulin pens and smart pen caps for insulin dosing support.

### AUTOMATED INSULIN DELIVERY SYSTEMS

Designed to integrate FreeStyle Libre technology with insulin pumps to allow for automatic insulin delivery based on real-time glucose data.

### VIRTUAL HEALTH AND COACHING

Combining glucose data with a virtual coaching platform offers a more personalized experience to make small changes that have a lasting impact.

\*Data based on the number of users worldwide for FreeStyle Libre family of personal CGMs compared to the number of users for other leading personal CGM brands and based on CGM sales dollars compared to other leading personal CGM brands. †The FreeStyle LibreLink app is available but currently without the integration with smart insulin pens.
