Dear Valued Customer,

Thank you for your recent inquiry requesting a Safety Data Sheet (SDS) for Abbott Diabetes Care Product(s).

According to the Occupational Safety and Health Administration's (OSHA) Hazard Communication Standard, 29 CFR 1910.1200, SDSs are required for certain hazardous chemicals. However, the Standard also provides an exclusion for "articles" as that term is defined in the Standard. The Abbott Diabetes Care product(s) for which you have requested SDS information are considered articles under the Hazard Communication Standard and are exempt from the SDS requirement. Also according to classification criteria of Regulation (EC) no. 1272/2008 (CLP) and the Globally Harmonized System of Classification and Labeling of Chemicals (GHS) this product is exempt. Accordingly, the Abbott Diabetes Care product(s) indicated in your inquiry do not require an SDS.

Please feel free to email Kristina.Darling@abbott.com if you have any further questions.

Sincerely,

Kristina Darling, Product Stewardship Manager
Abbott Diabetes Care.
