

Abbott Nutrition  
1250 West Maricopa Highway  
Casa Grande, AZ 85139

T: (520) 421-6600

**To Whom it Concerns,**

Abbott Nutrition, Casa Grande recognizes the human right to water, and we support Abbott's water stewardship strategy as described in our commitment statement on Water Stewardship<sup>1</sup>. Abbott acknowledges that the Site is developing a water stewardship plan ("WSP") in line with our target to achieve Alliance for Water Stewardship standard certification at our production site; using the Alliance for Water Stewardship's International Water Stewardship Standard (ver. 2.0, effective 22.03.2019) (the "Standard").

Site leadership will support the Site's efforts to implement the WSP, which in summary, focuses on good water governance, sustainable water balance, good water quality status, and healthy status of important water-related areas. Abbott's site leadership also will allocate appropriate resources to implement the WSP.

Abbott's site leadership will uphold the rights of workers at the Site to adequate sanitation and hygiene and to have access to safe drinking water. We will support Abbott's engagement with relevant stakeholders to identify their water related challenges as outlined in the Standard, in an open and transparent way. We will collaborate with relevant stakeholders to attempt to align the Site's implementation of the WSP with existing external catchment<sup>2</sup> sustainability plans.

Lastly, Abbott's site leadership commits to disclosing progress on the WSP to relevant audiences in an appropriate format.
