

SPREADING HOPE FOR PEOPLE WITH DIABETES

In the next 23 seconds, you'll have just finished reading these next few sentences.

Here's another thing that might happen: Someone in the U.S. could be diagnosed with diabetes. That's how little it takes for the diabetes epidemic in America to grow — 23 seconds, on average.

We've been working many years to combat this countdown. This year, as we mark World Diabetes Day, we teamed with comedian and talk show host Sherri Shepherd to take even more action.

THE REVEL IS IN THE DETAILS MARVELING AT MASTERS

This month's focus: Our 15mm Masters HP heart valve. There's a lot to admire about [the world's smallest pediatric mechanical heart valve](#). But, to us, the key is that it helps high-risk patients who otherwise would have limited options for treatment. With World Children's Day arriving this month, it also serves as a great reminder that kids' hearts hold a special place in ours.
